how have fairy tales from around the world changed over the centuries what do they tell us about different cultures and societies this volume explores the period when the european fairy tales conquered the world and shaped the global imagination in its own image examining how collectors children s writers poets and artists seized the form to challenge convention and normative ideas this book explores the fantastic imagination that belies the nineteenth century s materialist and pedestrian reputation looking at writers including e t a hoffman the brothers grim s t coleridge walter scott oscar wilde christina rosetti george macdonald and e nesbit the volume shows how fairy tales touched every aspect of nineteenth century life and thought it provides new insights into themes including forms of the marvelous adaptation gender and sexuality humans and non humans monsters and the monstrous spaces socialization and power with contributions from international scholars across disciplines this volume is an essential resource for researchers scholars and students of literature history and cultural studies a cultural history of fairy tales 6 volume set a cultural history of fairy tales in antiquity is also available as a part of a 6 volume set a cultural history of fairy tales tracing fairy tales from antiquity to the present day available in print or within a fully searchable digital library accessible through institutions by annual subscription or on perpetual access see bloomsburyculturalhistory.com individual volumes for academics and researchers interested in specific historical periods are also available digitally via bloomsburycollections.com

this book examines the public battle sparked by the promulgation in 1788 of prussia s edict on religion historians have seen in this moment nothing less than the end of the enlightenment in prussia this book begs to differ and argues that social control had a long enlightened pedigree using both archival and published documents this book reveals deeply the entire prussian elite was invested

in social control of the masses especially in the public sphere what emerges is a picture of the enlightenment in prussia as a conservative enterprise that was limited by not merely the state but also the social anxieties of the prussian elite
